

COLLABORATE

Programme to develop collaborative working across Health and Social Care in north Sheffield

What is Collaborate?

An engaging development programme to enhance collaboration amongst Health and Social Care frontline workers in north Sheffield. The outcomes for the sessions are

- Developing joined-up working between front line staff and your organisations
- Tackling complex challenges affecting the people you work with
- Building skills, confidence and impact in collaboration, problem-solving and communication
- Coming up with fresh insights to improve delivery to clients.

The 3 workshops will be a valuable opportunity to:

Disrupt conventional ways of working - helping you to take different approaches to thinking, learning and problem-solving.

Open up our doors and share the challenge - to strengthen collaborative working, we need to get to know each other, understand the challenges we all face and appreciate the value that everyone brings.

Feel empowered to boost collaboration across north Sheffield.

Who's it for?

Frontline workers who have face to face contact with clients and work in Primary Care, IAPT, housing providers, PKW community providers, CAB, CMH teams, District nurses, CSW, etc. Participants put forward for Collaborate must be:

- Able to influence practice and behaviours in your workplace
- Prepared to open your minds and think differently about how organisations work together
- Keen to invest time to contribute, share and learn
- Committed to putting client needs first
- Passionate about making a difference to the wider health and social care system.

Participants may be supervisors/team leaders, but this is optional.

When is it happening?

The workshops take place between 9am and 1pm approx. on:

- Wednesday 24th April
- Thursday 9th May
- Tuesday 21st May.

Location - SOAR Works Enterprise Centre, 14 Knutton Road, Sheffield, S5 9NU.

Refreshments and lunch will be provided.

You must be able to attend all 3 workshops.

How do I get involved?

Please discuss this with your organisation and contact Rosie Strathearn-Brady
